The screenshot displays the IBM Cloud Object Storage console interface. On the left is a dark sidebar with navigation links: Cloud Object Storage, Storage instances, Cloud Object Storage-xi, Buckets (highlighted), Integrations, Endpoints, Usage details, Service credentials, Connections, and Plan. The main content area has a header with a message about usage and a 'Learn more' link. Below this is a search bar labeled 'Prefix filter' and an 'Upload' button. A table lists the objects in the bucket:

Below the table is a dashed box with the text 'Drag and drop files (objects) here or click to upload' and a small icon. The bottom of the image shows a Windows taskbar with a search bar, application icons, and system tray information including temperature (24°C), time (06:59 PM), and date (14-11-2022).
